**REQUEST FOR SITE APPROVAL  
PSY 4949, COMMUNITY WORK IN PSYCHOLOGY**

The purpose of PSY 4949 is to provide students with practical experience to complement their formal coursework in psychology. Students should be supervised by professionals who possess appropriate expertise for providing a psychologically-relevant experience. It is expected that work performed by students will enhance their understanding of psychology in applied settings. Routine office work (filing, etc.) are generally not appropriate activities for PSY 4949 students. Students are expected to work 45 hours for each credit hour that they receive, regardless of the term length. **Students are volunteers and may not be paid.** Please visit our website, <http://www.psych.ufl.edu/~undergrad>, and click the Community Volunteer Experience link for more information about this course.
